Professional Summary

I am an ambitious and driven IT professional with experience in customer service, IT support, application management, networking, and public relations-all aligned with the business and technology sectors. I am passionate about continuous learning and career growth, and I strive to remain adaptable, forward-thinking, and competitive in an ever-evolving tech landscape.

My goal is to contribute meaningfully to dynamic teams where creativity, innovation, and technical expertise intersect to drive organizational success. I bring a strong foundation in application management and IT support, with a focus on delivering excellent client experience and optimizing business processes.

Currently, I'm keen on advancing my skills and making impactful contributions in the areas of application management and IT operations.

Skills

- BPM application support.
